

Two Days Workshop

Name of the Programme: Two days Workshop on "Mathematics Software"

Organization/ Collaboration: Department of Mathematics

Date: 19th & 20th Oct. 2022

Chairperson: Dr. M.V. Dawande, HoD, Deptt. Of Mathematics

Speaker: Dr. Amrapali P. Wasnik

Number of Beneficiaries : Teachers: 2 Students :42

Outcome of the Programme: Workshop was very useful to Prepare Project and Seminar Script, PPT in Mathematics Subject.

Short Description of the Programme: Department of mathematics was organized two days workshop on" Mathematics Software "for the B.Sc. I, II, III students . Dr. Amrapali P. Wasnik , Associate Professor has guided , motivated to make project and seminar by using several Mathematics software.

She was also conducted technical session and taken practice of students on the projector and student's Laptop .

Students were interestingly and successfully completed the workshop.

Finally there was distributed the certificates.

Webinar Report

Name of the Programme: "Cloud Technology & Information Security and It's Future Opportunities"

Organization / Collaboration: Date: 14/02/2023

Chairperson: Dr. B.S. Chinchmalatpure

Chief Guest/Speaker: Mr. Anil Tatode, Dept. of Robotics & Cloud, RTMNU, Nagpur

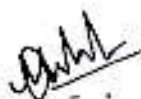

Number of Beneficiaries: Teachers: 6 Students 44

Outcome of the Programme:

- Students get aware of current Computer Technology
- Scope of Career Opportunities is explored.
- Recognized courses are introduced to students from Nagpur University.

Short Description of the Programme

Computer Science Department has organized this Webinar for UG and PG students. As the need of IT Industry students cope up with the Cloud Technology. The architecture of cloud and engineering is explained. Career opportunities are discussed with students.

Workshop on NLP

Name of the Programme: "Natural Language Processing (NLP)"

Organization/Collaboration: computer science

Date: 28/09/2022

Chairperson: Dr. B.S. Chinchmalatpure

ChiefGuest/Speaker: Mr. Nakul Deshmukh

Number of Beneficiaries: Teachers 05 Students 39

Outcome of the Programme:

- Students will get idea about Natural Language Processing.
- They will know about Python Language.
- They built confidence to create project based on NLP.

Short Description of the Program

Workshop on "Natural Language Processing (NLP)" is organized by Computer Science Department of Bharatiya Mahavidyalaya, under MOU with iBase Technologies, Amravati. In this workshop students introduced about Natural Language Processing. This program increases the Knowledge of student to use the future of NLP in daily life. They also understand the concept of machine learning and python language. In this workshop student get hands on practice with python and able to create project based on that.

Workshop on IoT and Biometric

Name of the Programme: "IoT and Biometric"

Organization/Collaboration: Computer Science

Date: 24/03/2023

Chairperson: Dr. B.S. Chinchmalatpure

Chief Guest/Speaker: Mr. Nakul Deshmukh

Number of Beneficiaries: Teachers 05 + 02 Students 37

Outcome of the Programme:

- Students will get knowledge about IoT and Biometric.
- They will work on the IoT Kit.
- They built confidence to create project based on IoT.

Short Description of the Programme

Workshop on "IoT and Biometric" is organized by Computer Science Department of Bharatiya Mahavidyalaya, under MOU with iBase Technologies, Amravati. In this workshop students introduced about "IoT and Biometric". This program increases the Knowledge of student in the future of IoT in daily life. They also understand the concept of IoT and Biometric. In this workshop student get hands on practice with IoT kit and able to create project based on that. This workshop is conducted under "**Student Faculty Exchange Program**". Under this program 33 student and 2 faculty members are included from Shrimati Narsamma Arts, Commerce & Science College, Kiran Nagar, Amravati.

Workshop Report

Name of the Programme: "Two Days Workshop on "CMD with WordPress"

Organization/Collaboration: Computer Science

Date: 10/04/2023 To 11/04/2023

Chairperson: Dr. A.G. Vaidya, Principal Bharatiya Mahavidyalaya.

Chief Guest/Speaker: Mr. Amit Sawarkar, Mr. Satyam Gupta, Litsbros Pvt. Ltd.

Number of Beneficiaries: Teachers: 07

Students: 40

Outcome of the Programme:

Content Management and Web Development Skill is introduced to students.

Students can design and create own webpages, websites.

Short Description of the Programme:

Two Days Workshop on "CMD with WordPress" is organized by **Computer Science Department** of Bharatiya Mahavidyalaya by Litsbros Pvt. Ltd., Amravati. In this workshop students introduced about Wordpress. This program increases the knowledge of student to use the Content Management and Web Development. They can develop webpages and websites. In this workshop student get hands on practice with CMD and able to create Websites. This workshop is conducted under "**Student Faculty Exchange Program**". Subject: Participation of your Students and Faculty Members in Two workshop that are "IoT & Biometric" and "CMD With Wordpress."

Respected Sir,

One day workshop on "IoT & Biometric" and two day workshop on "CMD With Wordpress" was organized by Department of Computer Science, Bharatiya Mahavidyalaya, Amravati on 24 march and 10 & 11 April 2023. In the said workshop 31 students and two faculty members from your institute were actively participated under "student and faculty exchange" programme. The name of participated students & faculty members from your Institute are as follow.

Sr. No.	Name Of Students	Class / Designation
1	Arati Dhananjay Bhelkar	MSc Student

Haemoglobin Estimation and Nutritional Diet Plan

Name of Programme: Haemoglobin Estimation and Balanced Diet Plan Camp

Organization/Collaboration: Zoology

Date: 17th March 2023

Chairperson: Dr. Daya Pande

Chief Guest/Speaker/Judges: Mrs. Rachana Sonone Sirsat

Number of Beneficiaries: Teachers- 06 Students- 55

Outcome of the Programme:

- Students improved their skill for haemoglobin estimation.
- Awareness was created amongst the students about maintenance of good haemoglobin level.
- Students developed the knowledge of planning a nutritional diet plan for good health.

Short Description of the Programme:

A haemoglobin estimation and balanced diet plan camp was arranged by the department of Zoology for college students. The programme was chaired by Prof. Dr. Daya Pande and Prof. Dr. S.S. Kulkarni was guest of honour. Mrs. Rachana Sonone Sirsat, Nutritionist was a guest speaker for this camp. Dr. D.S. Kulkarni, Professor and Head, Department of Zoology, introduced the guest speaker and explained the aim of the programme. Dr. Pallavi Singh, Asst. Prof. Department of Zoology conducted the programme.

Haemoglobin estimation is a test that measures the amount of haemoglobin, a blood protein that carries oxygen from the lungs to the rest of the body. Low levels of haemoglobin can indicate anaemia, and one of its causes is nutritional deficiencies. On this occasion students of B.Sc. II and III volunteered for haemoglobin and blood group estimation under the supervision of teachers. Height, weight, haemoglobin content and blood group of around 55 students were noted.

The resource person Mrs. Rachana Sirsat, guided students about preparation of a nutritional diet plan which can help to prevent or manage anaemia by ensuring getting enough of the necessary components to produce healthy red blood cells. She said that a well-balanced diet that includes iron-rich foods such as lean red meat, poultry, fish, leafy green vegetables, beans, and fruits can help increase haemoglobin levels. She advised that students must plan for their regular balance diet and follow the plan to keep their mind and health in shape. She also gave personal counselling to the students and helped for diet plans.

Central Library, Bharatiya Mahavidyalaya, Amravati. 2022-23

Name of the Program: One day workshop on the “Literature Search: Proceeding for Ph.D.”

Date: 27 February 2023

Collaboration: Central Library & Department of Mathematics.

Speakers: Mr. Vrushabh Dahake, Librarian & Prof Dr. Amrapali Wasnik

Total Beneficiaries: 30 Research Scholars

Short Description of the Program:

The one-day workshop on "Literature Search for PhD Proceedings" held on 27 February 2023 was an enlightening and informative event that aimed to equip doctoral candidates with the skills and strategies necessary for effective literature searching and review. This report provides a detailed overview of the workshop, including its objectives, organization, participants, and key outcomes.

Objectives:

The primary objectives of the workshop were:

Literature Mastery: To help participants master the art of comprehensive literature searching and critically reviewing relevant scholarly works.

Research Efficiency: To enhance the efficiency of literature search processes, thereby saving time and improving research quality.

Research Progress: To facilitate the progress of PhD research by providing participants with the tools and knowledge needed to navigate the vast realm of academic literature.

Outcome of the Program:

This workshop was very essential for the research scholars in order to proceed for the doctoral research. Experienced scholars and librarians delivered presentations on effective literature search strategies, research databases, and citation management tools.

Hands-on Exercises: Participants engaged in hands-on exercises using library computers, learning to search academic databases, construct search queries, and manage references.

Reference Management Tools: An in-depth session introduced participants to reference management tools like EndNote and Zotero, simplifying the citation and referencing process.

Critical Review Guidelines: Guidelines and best practices for critically reviewing scholarly literature were discussed, with a focus on relevance and quality assessment.

Question and Answer Sessions: Throughout the workshop, participants had opportunities to ask questions, seek clarification, and share their experiences.

Bharatiya Mahavidyalaya, Amravati Central Library 2022-2023

Name of the Program: Basics of Intellectual Property Rights & Patent

Organization / Collaboration: Department of Mathematics & Central Library

Date: 24-26 April 2023.

Chairperson: None

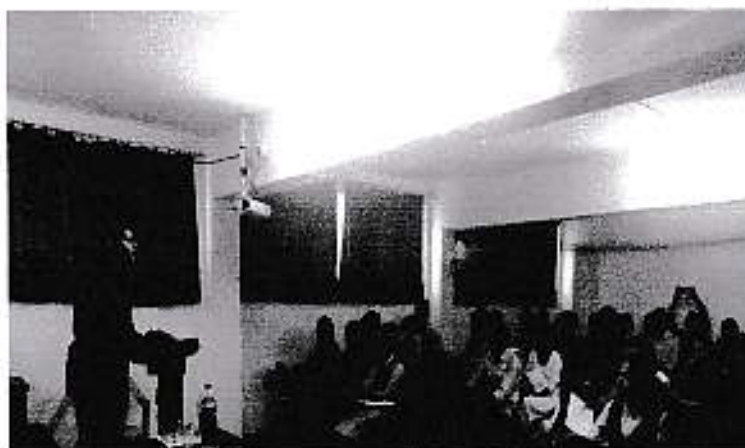

Chief Guest/Speaker: Mr. Vrushabh S. Dahake & Dr. Amrapali Wasnik

Number of Beneficiaries: Students: 50 students

Outcome of the Program:

This workshop was specially designed for the final year students of UG & PG and from this program students got to know about the basics of the intellectual properties copyright, Geographical Indications, Trade Marks, Industrial designs and patents. Also workshop was focuses on the Property Rights and career opportunities in the field of IPR.

Supported Photographs

Short Description of the Program:

Intellectual Property Rights is the field in which so career opportunities are there on basis of knowledge and skills, so this program was divided in to three days on "IPR and its types", "Patents: Structure, types and criterion" and then "Career Opportunities in IPR" respectively. Lectures were delivered by Mr. Vrushabh S. Dahake, Librarian, Bharatiya Mahavidyalaya, Amravati & Dr. Amrapali Wasnik, Asso. Prof. Department of Mathematics. Total 50 students was benefited by this program. The program was sponsored by Bharatiya Mahavidyalaya, Amravati.

WORKSHOP:

Name of the Program: Workshop On Medicinal Plants and Their Therapeutic Applications

Organization / Collaboration: Department of Botany

Date: 27 March 2023

Chairperson: Dr. Deeplakshmi Kulkarni

Chief Guest: Dr. Pallavi Singh

Speaker: Dr. Pravin Sardar

Number of Beneficiaries: Teacher 4 and Students 41

Outcome of program:

- Students got knowledge about medicinal plants like *Catharanthus roseus*, *Azadiracta indica*, *Ocimum sanctum* and *Aloe vera*, etc with their various components and applications.
- Students got knowledge about importance of medicinal plants and their applications in different fields like health, industry and pharmaceutical companies etc.
- Students got information about traditional medicinal plants and their identification.
- Awareness was created amongst the students for plantation of medicinal plants.

Short Description of the Program:

A workshop was organized for Botany Bsc I, II and III students by Department of Botany. In total 4 teachers and 41 students attended the workshop. The resource person for the workshop was Dr. Pravin Sardar, Assistant professor, Rajashri Shahu Science College, Chandur Railway.

Dr. Sardar gave information about common medicinal plants like *Catharanthus roseus*, *Azadiracta indica*, *Ocimum sanctum* and *Aloe vera* etc which are easily available. He told that plants synthesize hundreds of chemical compounds for various functions, including defence and protection against insects, disease, and herbivorous mammals. These medicinal plants have been used in India from prehistoric times. These are now also used in preparation of modern drugs like aspirin, digoxin, quinine, and opium. The compounds found in plants are of many kinds, but most are in four major biochemical classes: alkaloids, glycosides, polyphenols, and terpenes.

Dr. Sardar, satisfied the students and staff who is expert in the field and completed his doctorate in the same. The program was conducted by Vaijal Chavhan, BSc III and Dr. Vishal Warghat presented vote of thanks. The staff and Students worked hard for the success of the workshop.

WORKSHOP

Name of the Programme : Biofertilizer Technology and Application.

Organization / Collaboration : " Samruddhi Earth Culture Biotech Lab " Amravati.

Date : 19 / 04 / 2023

Chairperson : DR. S. R. Gulhane , Miss. S. Daroi Madam

Chief Guest / Speaker : DR. S. R. Gulhane
Director

Number Of Beneficiaries : Teachers 02 + Students 18

Outcome Of Programme : Useful for farmer to do organic farming which is need of day.

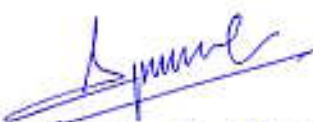

Short description of programme :

Now a days in Agriculture Sector due to chemical fertilizer and pesticides , soil get detrioted and unproductive and fertility get depleted and hence its need of a day to make aware about biofertilizer which can stabilize soil make it into its original state , where the soil microbial flora (efficient) Azo, Rhizobium, PSB, KSB, ZNSB, Pseudomonas, Trichoderma etc helps the soil to make it rich by organic way and it also reduces the zest of farming as compare to chemical fertilizers. From few years this topic is also present in syllabus of Bsc I, II, III Year of Microbiology and Biotechnology. So most of the Farmer's student get satisfied by expression of the topic well. And they also promise to use this and which is made available from department of Bhartiya Mahavidyalaya.

In this topic cultures plates, liquid media preparation tech. and methods of application to various crops and garden fields get explained well. Actual photograph before development and after application of 'Biofertilizer' showed to students.

All student get very happy by explanations.

Bharatiya Mahavidyalaya, Amravati. 2022-23

Name of the Program: Internship Program by Central Library, Bharatiya Mahavidyalaya, Amravati for the library and information Science.

Date: 01 August 2023 to 15 September 2023.

Collaboration: Department of Library and Information Science, Sant Gadge Baba Amravati University, Amravati & Central Library, Bharatiya Mahavidyalaya, Amravati, Department of Library and Information Science, Darapur College.

Speakers: Mr. Vrushabh Dahake, Librarian & Prof Dr. Amrapali Wasnik

Total Beneficiaries: 08

Short Description of the Program:

After the Batchelor degree in Library and Information Science students are catered for compulsory internships at our central library. Internship was designed for the 30 days. The One-Month Internship Program conducted for the students of Library and Information Science from August 01, 2023 to 15, September 2023 was a highly enriching and practical experience designed to provide students with hands-on exposure to library operations and best practices. This report offers a comprehensive overview of the internship program, including its objectives, organization, participants, and key outcomes.

Objectives:

The primary objectives of the Internship Program were:

Professional Exposure: To provide students with a real-world understanding of library and information science practices, systems, and operations.

Skill Development: To enhance participants' practical skills in cataloging, circulation, reference services, and library management.

Career Readiness: To prepare students for future careers in library and information science through experiential learning.

Program Execution & total schedule of the internships

The internship program was thoughtfully organized to offer students a well-rounded experience in library operations:

Orientation: Participants received an orientation to the Central Library, its layout, policies, and staff.

Rotation through Departments: Students were assigned to different library departments, including cataloging, circulation, reference, and technical services, to gain exposure to various aspects of library work.

Practical Assignments: Interns were given practical assignments related to their department, such as cataloging books, assisting patrons, and managing library resources.

Mentorship: Each intern was assigned a mentor from the library staff, providing guidance, supervision, and feedback throughout the program.

Weekly Seminars: Weekly seminars were conducted to discuss key library and information science topics and facilitate knowledge sharing.

Library Visits: Under this scheme there was two days visits to various college and university libraries visits to know the working of the different libraries.

Outcome of the Program:

Practical Experience: Participants gained practical exposure to library operations, significantly enhancing their understanding of real-world library practices.

Skill Development: Interns reported significant improvements in cataloging, reference, and library management skills.

Confidence Building: The program boosted students' confidence in their ability to apply their academic knowledge to real-world library scenarios.

Career Insights: Interns gained valuable insights into potential career paths within the library and information science field.

Major Achievements from the internship schemes:

Rather than the outcome here are following major outcomes of the programs.

Report Writing & Research Paper Publication: All interns were compulsory submitted the internship report and also develop one full length Research Paper through training.

Opportunity for Trainee: One of the best interns proceed for the traineeship for our own college central library and hence this was the major development in their career.
