## INSTITUTIONAL DISTINCTIVENESS

'Bharatiya Vidya Mandir'-The management of our college is an organization formed by a group of young devoted socially oriented teachers. With an earnest desire to put an end to the corrupt practice in the field of education, they felt the need to have an organization with a sincere mission of service to the society. It is the mission of our institution to serve the society without the narrow consideration of caste, creed and community. Five founder members of our society, who were lecturers in different institutes on permanent basis, left their jobs to work together as teachers with a new vision and mission to provide education especially for the underprivileged and the educationally deprived class society.

As all other institutions, our college also endeavors to produce professionally competent and socially committed individuals. We strive to bring out students with professional as well as human ethical values. It is our sincere endeavor to serve the society. To achieve this aim is to ensure the all-round development of the students through various curricular co- curricular and extracurricular activities. But keeping in mind our specific vision of mission, we provide quality education at affordable charges to the students from the economically backward and down-trodden strata of the society and prepare them for a bright future. This would help them streamline in the flow of progress of the nation. We also make provisions for paying the fees in installments feasible for the students. They are granted admissions with as much minimum fees as possible for them. Sometimes we also admit some students (poor and sincere) unlike other colleges we encourage students from the nearby slum area and locality to pursue education in our college. We try to help them do so in all the ways possible to us. Another aspect of our vision is that we also give admission to students with lower percentage. While other college take only higher percentage students and show a higher rate of result, we with a more humble and noble vision have dedicated our college for the upliftment and progress of the underprivileged students also students with lower percentage. This is a very noble and humble mission but it is a very taxing and testing initiative for us. But with the sincere and hard effort of all our staff members, we try to improve the academic standard of our college. We make it a point to improve our result every successive year. We have to put all our satisfactory result. Another important aspect about our mission is to guarantee an equal education opportunity without regard to gender, caste and religion. There is no gender bias. Girls are given equal opportunity for admission in our college. Boys and girls are given equal opportunity for education. Another important endeavor of our institution is to instill values in students to enhance their moral character along with their academic progress. Values like equality, gratitude, kindness etc. are instilled in the students to influence their behavior toward society. This would enable to produce not only a well- mannered human being but also a sensitive global citizen. The idea of education is to civilize young minds and transform them into good individuals. If their thought process is corrected, their minds will be moulded in a better way. Despite having different mind-set, they are thought to understand the natural realities of life in a like manner. This will generate global peace and harmony. Lessons of good conduct is a part of our code of conduct of the college and all our staff members communicate the same through their action and behavior in college because observing them practically has more impact than verbal lectures.
