

GUEST LECTURE

Name of the Programme :- "RESEARCH METHODOLOGY"

Organization/ Collaboration:- Department of Commerce and Management

Date :- 16 Sept. 2023

Chairperson:- Dr.S.R.Raghuwanshi (Ho.D., Department of Commerce, BMV, Amravati.)

Chief Guest/Speaker:- Dr.R. M. Deshmukh (Prof., Department of Commerce, Ambedkar College Amravati.)

Number of Beneficiaries:- Teachers _____ Students _____ 28

Outcome of the Programme:-

- Students were given knowledge about the Research field and opportunities in it
- Students got to know about the report writing skills and its importance
- The knowledge gained will help students for while writing their project reports

Short Description of the Programme:- Dr. R.M. Deshmukh explained the introduction of research and what are the basic principles, types and parameters of research design. different types of sampling methods, tools of data collections, use of various software in the analysis of both quantitative and qualitative data was discussed. He also discussed about basic research ethics to be followed in this field. Role of commerce in various research projects and how to utilize skills also discussed in program. The whole session was very fruitful and full of knowledge. The students ask their queries and share their experiences. While collection of data, difficulties faced by data collector was also addressed by the speakers.

GUEST LECTURE

"RESEARCH METHODOLOGY"

Date- 16 Sept. 2023

Guest Lecture on IPR & Carrier Opportunities in patent Format

Name of the Programme: Seminar on IPR & Carrier Opportunities in patent

Organization / Collaboration: Computer Science

Date: 04 Nov 2023

Chairperson: Dr. B.S. Chinchmalatpure

Chief Guest/Speaker: Mr. Vrushabh S. Dahake

Number of Beneficiaries: Teachers 05 Students 30

Outcome of the Programme:

- Students get idea about IPR.
- Students know what is Patent.
- Gain Basic Knowledge.

Short Description of the Programme

Guest Lecture on "IPR & Carrier Opportunities in patent" is organized by Computer Science Department of Bharatiya Mahavidyalaya. In this Lecture Mr. Vrushabh shared knowledge on the concepts of Patent, Copyright, Trademark, trade secrets, Geographical Indication and Design with wonderful examples and provided important insights into the concept of Infringement of IPR and also protection of IPR in other countries and how it differs in India. This program increases Knowledge of student regarding Patent.

GUEST LECTURE

Name of the Programme :- "STRUCTURE OF RESEARCH PROJECT"

Organization/ Collaboration:- Department of Commerce and Management

Date :- 22 April 2024

Chairperson:- Dr.S.R.Raghuwanshi (Ho.D., Department of Commerce, BMV, Amravati.)

Chief Guest/Speaker:- Dr.R. M. Deshmukh(Prof., Department of Commerce, Ambedkar College Amravati.)

Number of Beneficiaries:- Teachers _____ 10 _____ Students _____ 47 _____

Outcome of the Programme:-

- Students were given knowledge about the Research field and opportunities in it
- Students got to know about the research project writing skills and its importance
- The knowledge gained will help students for writing their project reports

Short Description of the Programme:- A guest lecture on "Structure of Research Project" was conducted on 22 April, 2024 by Dr. R. M. Deshmukh, he is the professor at Dr. Babasaheb Ambedkar College, Amravati.

Dr. R. M. Deshmukh gave knowledge to students about Research Project and the steps required for it, he enlightened students about the Research field and opportunities in it. he also threw focus on report Project which will help students in academics projects and will also help them in future if they wish to pursue career in research field

Workshop Report [2023-24]

Name of the Programme: "Python Programming and Advanced Tools"

Organization/Collaboration: Department of Computer Science

Date: 23/03/2024

Chairperson: Dr. B. S. Chinchamalpure

Chief Guest/ Speaker: Mr. Nakul Deshmukh

Total Number of Beneficiaries: Teachers 03 Students: 58

Outcome of Programme:

- Students have knowledge of Python Programming.
- Students aware about tools used with Python.
- Know the advanced tools to provide security to python.

Short Description of the Programme:

Workshop on "Python Programming and Advanced Tools" is organized by Computer Science Department, Bharatiya Mahavidyalaya. Under MOU with iBase Technologies, Amravati.

Students got knowledge of python and advance tools. Students learned various Advanced tools and are explained for the solution against implementation.

This workshop was informative for the students.

Bharatiya Mahavidyalaya, Amravati

Department of Zoology- Guest lecture 2023- 2024 (Collaborative activity)

Organization / Collaboration : Library, Bharatiya Mahavidyalaya, Amravati

Date : 30th January 2024

Chief Guest/ Speaker : Sri Vrushabh Dahake

Number of Beneficiary Students: 30

Number of Teachers : 6

Outcome of Programme: Students learned new and easy way to collect data from E- resources for project writing.

Report: Department of Zoology provided a platform for B. Sc. II and B.Sc. III year students to make them acquainted with different E- resources in a collaborative activity with Department of Library. Sri Vrushabh Dahake, working as Librarian in Bharatiya Mahavidyalaya, Amravati Students enthusiastically responded to the guest lecture as their mind was filled with lot of queries and simultaneously ideas for making good script of their projects. Guest highlighted all the E-resources readily available and also demonstrated how to access them. The speaker satisfied all the queries raised by students.

Central Library, Bharatiya Mahavidyalaya, Amravati. 2023-24

Name of the Program: One day workshop on Research Methodology, IPR & Career opportunities in Patent Informatics

Date: 07 November 2023

Total Beneficiaries: 55

Collaboration: Central Library and Department of Computer Science

Guest Speakers: Ghyanshyam Waghmare Sir (Director, Educare Academy)

Short Description of the Program:

The Central library and department of computer science conducted a focused one-day workshop tailored for undergraduate final year and postgraduate students. This workshop delved into essential aspects of research methodology, intellectual property rights (IPR), and career opportunities in patent informatics. Through expert-led sessions, interactive discussions, and hands-on activities, participants gained a comprehensive understanding of these topics, enhancing their knowledge, skills, and awareness. The workshop aimed to inspire and empower students to explore new career pathways and pursue further education in patent informatics and related fields.

Objectives:

1. To introduce participants to the fundamentals of research methodology and its relevance in academic and professional pursuits.
2. To familiarize participants with the principles and significance of Intellectual Property Rights (IPR) in the context of innovation and knowledge dissemination.
3. To provide insights into the field of Patent Informatics and its role in technology assessment, innovation management, and patent analysis.
4. To showcase career opportunities and pathways in Patent Informatics and related domains.

Outcome of the Program:

1. Enhanced Understanding:

Participants gained a comprehensive understanding of research methodology, IPR, and patent informatics, equipping them with essential knowledge and skills for their academic and professional endeavors.

2. Awareness of Career Opportunities: Participants became aware of diverse career opportunities available in the field of patent informatics, empowering them to make informed decisions regarding their career paths.

3. Skill Development: The workshop facilitated skill development in areas such as research design, patent search techniques, data analysis, and critical thinking, enhancing participants' competitiveness in the job market.

4. Inspiration and Motivation: The workshop inspired participants to explore new avenues and pursue further education or training in patent informatics and related domains, fostering a spirit of innovation and entrepreneurship.

Program Structure:

1. Session 1: Research Methodology & Intellectual Property Rights (IPR)

- Introduction to Research Methodology
- Research Design and Methods
- Data Collection Techniques
- Ethical Considerations in Research
- Overview of Intellectual Property Rights
- Types of Intellectual Property (Patents, Copyrights, Trademarks, etc.)
- Importance of IPR in Innovation and Technology Transfer

2. Session 2: Patent Informatics & Career Opportunities in Patent Informatics

- Introduction to Patent Informatics
- Patent Search Techniques and Databases
- Patent Analysis and Technology Assessment
- Roles and Responsibilities of Patent Informatics Professionals
- Job Opportunities in Industry, Research Organizations, and Academia
- Skill Sets and Qualifications Required for a Career in Patent Informatics

Conclusions: The one-day workshop on Research Methodology, IPR & Career Opportunities in Patent Informatics organized by the NTA NET proved to be a valuable platform for UG final year and PG students to enhance their knowledge,

skills, and

awareness in these domains. By empowering participants with insights, resources, and networking opportunities, the workshop contributed to their academic and professional growth, thereby enriching the talent pool in the field of patent informatics and allied disciplines.

Central Library, Bharatiya Mahavidyalaya, Amravati. 2023-24

Name of the Program: Guest Lecture on the "How to proceed for Research and Presentation"

Date: 21 March 2024

Total Beneficiaries: 35

Guest Speakers: Ms. Sejal Ingle

Short Description of the Program:

Under the Add-on course of Student Advancement from the central library here we conducted the one session on the Preparation for the Research Competition, Poster Presentation. The guest lecture on "How to Proceed for Research and Presentation" took place on 21st March at Bharatiya Mahavidyalaya, Amravati. The primary objective of the lecture was to guide attendees through the process of conducting research effectively and preparing for presentations. The presenter, Ms. Sejal Ingle, an accomplished researcher and presenter, shared their expertise and practical insights to help participants navigate the complexities of research and presentation preparation.

Outcome of the Program:

The guest lecture on "How to Proceed for Research and Presentation" yielded a highly positive outcome, with attendees expressing satisfaction and gratitude for the valuable insights and practical guidance provided. Throughout the session, participants actively engaged with the presenter and fellow attendees, fostering a collaborative learning environment conducive to knowledge exchange and skill development.

Attendees left the lecture equipped with a deeper understanding of the research process, from selecting a topic to presenting findings effectively. They gained practical skills in formulating research questions, conducting literature reviews, collecting and analyzing data, and preparing engaging presentations. Furthermore, participants were inspired to apply the concepts and techniques learned to their own research projects, with many expressing eagerness to implement the strategies discussed.

The interactive nature of the session allowed attendees to ask questions, seek clarification, and share their own experiences, contributing to a rich and dynamic

discussion. The presenter's expertise and real-world examples resonated with

participants, providing practical insights that could be readily applied to their research endeavors.

Overall, the program achieved its objectives of empowering attendees with the knowledge and skills necessary to proceed with their research projects and deliver impactful presentations. The positive feedback received from participants underscores the success of the guest lecture in fulfilling the educational needs of the audience and fostering a supportive community of researchers and presenters. Moving forward, organizers may consider offering follow-up workshops or sessions to further support attendees in their research and presentation endeavors, building upon the momentum generated by this successful program.

Conclusions:

The guest lecture on "How to Proceed for Research and Presentation" provided attendees with valuable insights and practical guidance to navigate the research process and prepare for presentations effectively. The comprehensive coverage of key topics, coupled with real-world examples and interactive discussions, facilitated a deeper understanding of the intricacies involved in conducting research and presenting findings. Attendees left the session equipped with the knowledge and tools necessary to embark on their research journeys with confidence and to deliver impactful presentations.

Central Library, Bharatiya Mahavidyalaya, Amravati. 2023-24

Name of the Program: One day National Workshop on "SWAYAM Training & NPTEL Courses"

Date: 07 August 2023

Total Beneficiaries: 170 (Online and Offline)

Collaboration: Department of Library and Information Science, Sant Gadge Baba Amravati University, Amravati and Central Library, Bharatiya Mahavidyalaya, Amravati

Guest Speakers: Prof. Dr. Vaishali Chaukhande, Prof & HOD Dept of Library and Information Science, SGBAU & Mr. Vrushabh S. Dahake, Librarian, Bharatiya Mahavidyalaya, Amravati

Short Description of the Program:

The one-day national workshop aimed to familiarize participants with the opportunities available through online courses, particularly those offered by the SWAYAM platform and NPTEL. Through informative sessions and practical demonstrations, the workshop aimed to equip attendees with the knowledge and skills necessary to engage in self-paced online learning effectively.

Objectives:

1. To raise awareness about the significance of online courses in modern education.
2. To introduce participants to the SWAYAM platform and its offerings.
3. To facilitate the registration of students on the SWAYAM portal for accessing NPTEL courses.

Outcome of the Program:

The workshop successfully raised awareness about the importance and benefits of online courses, particularly those offered by platforms like SWAYAM and NPTEL. Participants gained valuable insights into the diverse range of subjects available,

expanding their academic horizons. Through facilitated registration processes, attendees now have improved access to quality educational resources, enabling them to pursue self-paced learning beyond traditional classroom settings. The collaborative efforts of the organizing institutions fostered a sense of community and collaboration among participants, encouraging the exchange of ideas and experiences. Overall, the workshop empowered participants to embrace lifelong learning opportunities in the digital age, fostering a culture of continuous self-improvement.

Program Structure:

Session 1: Importance of Online Courses (Dr. Vaishali Chaukhande): Dr. Chaukhande elaborated on the importance of online courses in today's educational landscape, highlighting their accessibility and flexibility.

Session 2: SWAYAM Courses Overview (Mr. Vrushabh Dahake): Mr. Dahake provided an overview of the courses available on the SWAYAM platform, showcasing its diverse offerings across various disciplines.

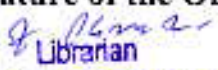

Registration Process: Following the sessions, all participants were guided through the registration process on the SWAYAM portal to enable them to access NPTEL courses seamlessly.

Conclusions:

The one-day national workshop on "SWAYAM Training & NPTEL Courses" concluded successfully, achieving its objectives of raising awareness about online learning and facilitating participant registration on the SWAYAM portal. The program provided valuable insights into the benefits of online education and equipped attendees with the necessary tools to engage in self-directed learning effectively.

The collaborative efforts of Bharatiya Mahavidyalaya, Amravati, and the Department of Library and Information Science, Sant Gadge Baba Amravati University, Amravati, played a pivotal role in the success of the workshop, underscoring the institutions' commitment to promoting continuous learning and skill development among student
